Adamj Clean-WSUS Scheduled Task Installation:

WARNING!!! WARNING!!! WARNING!!! WARNING!!! WARNING!!! WARNING!!!

You've chosen to not install the scheduled task that runs -ScheduledRun daily. THIS SCRIPT
IS MEANT TO BE RUN DAILY as it performs daily tasks that should be performed to keep WSUS
running in tip-top running condition. Since you've chosen not to install the scheduled task,
be sure to schedule manually the -DailyRun, -MonthlyRun, and -QuarterlyRun on an appropriate
schedule. Continuously running -FirstRun manually will NOT keep your WSUS maintained
properly as there are specific differences with -FirstRun. -FirstRun also does NOT run
everything on purpose, and does run streams that should NOT be used consistently.
